Reference: Your letter, dated 14 July 1965, (Ref: LJC 225-1674)

Gentlemen:

As requested in the reference letter we are incorporating the desired language in an amendment to the subject contract.

By this amendment it is hereby mutually agreed that the said contract shall be amended to add the following clause:

25X1A

"In accordance with Article 20(I) of the General Provisions, it is expressly understood and agreed that proprietary data need not be furnished for [] Semiconductor's transistors, diodes, milliwatt logic or silicon pulse arrays which may be incorporated in the end item equipment, if in lieu thereof the contractor furnishes form, fit and function data describing the input-output characteristics, formal block diagrams and other pertinent specific data sufficient to enable the Government to reprocur similar or equal components. However, the contractor shall not be required to furnish or disclose methods of manufacture, internal manufacturing processes, or trade secrets concerning these [] Semiconductor components."

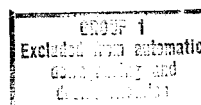

25X1

All other terms and conditions of the said contract shall be and remain the same.

NOTICE

This material contains information affecting the national defense of the United States within the meaning of the espionage laws, Title 18, U.S.C., Sec. 793 and 794, the transmission or revelation of its contents in any manner to an unauthorized person is prohibited by law.
